Dear The Federal Communications Commission,

I urge you to reject a flat fee proposal that would change how contributions are made to the Universal Service Fund.

I do not want to pay more for my telephone service!

I am concerned that this proposal could make my current service unaffordable.

I use a prepaid phone, so that means I am not one of the millions of people chatting endlessly and rudely on their cell phones for no reason. I am a responsible person who has a phone for emergencies only.

I would be paying the same taxes that someone who uses thousands of minutes!

This is unfair!

I urge you to reject the proposal to move the USF collection system to a flat-fee.

Keep the USF Fair!

Sincerely,

Steph Thompson
